Career: Crafting sparkling features for groundbreaking magazine Casual Chic such as 'Impotence: Why No Marriage is Safe'

Current dilemma: What to do when your much loved boyfriend of ten years gets down on one knee and pops the question you've been secretly dreading?

Options: Stick - say yes, jump on the marriage bandwagon, accept that babies are now standard issue and always wonder if the grass is greener ...

OR

Twist - walk away to start a new, exciting life, but end up living on your best friend's sofa and pining for your ex. Turn to work for distraction, accidentally lie to hateful colleagues about your non-existent engagement, put together a painful wedding-centred work event, but perk up once young, sexy and seemingly perfect Harry Langham comes breezing into your life...

Hilarious, romantic and painfully honest, Stick or Twist proves that sometimes the most unlikely man turns out to be the One.
