He could be everything shes hoped for. Or everything she fears. Two years after Kacy Carwell eluded kidnapping by a serial rapist, she still lives with nightmares and panic attacks on her painstakingly slow path to recovery. When a mysterious new neighbor moves in next door, her tenuous hold on her mental stability spirals out of control. She thinks she sees her attacker everywhere she goes, and no one believes her. Only the new neighbor, the patient, kind and handsome Gulliver Knight, prevents her from sliding into mental deterioration. He alone feeds her desperate longing to feel normal again. His gentle, attentive care calms her frazzled nerves, while his passionate lovemaking quickly sends her tumbling from attraction to deep love. His affections work like a balm to her wounded spirit. Then Kacy discovers that Gulliver is not all he appears to be. Her world crashes around her just as dangerthis time realthreatens not only her sanity, but her life. Before she can untangle the web of deceit from her own broken emotions, someone will get hurt. And someone will die. Warning, this title contains explicit sex, graphic language, and violence.
