My name is Robin. This book is about me. It tells the story of what happens when after

almost 15 pathetic years of loserdom, the girl of my dreams finally falls for me. That seems like it would be a good thing, right? Only it turns out to be a lot more complicated than that. Because I'm not gonna lie to you -- there are naked women involved. Four of them, to be exact. Though not in the way you might think. Don't get me wrong -- my girlfriend's amazing. But the way things have been going lately, I'm starting to believe that the only thing worse than not getting what you want, is getting it.
