They were three women who dared to make it in a man's world. Madeleine Arsenault has prepared for this moment all her life. Grief for her father is second only to her determination to rescue the beloved family Chateau, and prove to her sworn childhood enemy Axel Delaflote that she's got what it takes to run the most successful champagne house in France. Former supermodel Christina Morgan knows she hasn't got what it takes. But she's sure as hell not going to show it. And with the help of her assistant Sam, she'll turn her ex-husband's hobby Californian vineyard into a major player. Kelly Elson would rather drink vodka and coke than champagne. Then she inherits a vineyard and suddenly she's not a chambermaid any more. Swept into a world of feuds, back-stabbing, sabotage and seduction, have they got what it takes to survive? There's more than their reputations at stake ...
