"Like Chekhov's great stories, Davies' . . . reward re-reading not by resolving the core mystery, but by revealing layers of meaning and complexity. " —Ladette Randolph, Ploughshares
From remote Australian settlements to the snows of Siberia, from Colorado to Cumbria, restless teenagers, middle-aged civil servants, and Quaker spinsters traverse expanses of solitude to reveal the secrets of the human heart. Written with raw and rigorous prose, charged throughout by a prickly wit, the stories in *The Redemption of Galen Pike* remind us how little we know of the lives of others. Carys Davies is currently a 2016-2017 Cullman Fellow at the New York Public Library.

评论

更喜欢Davies的小说*West*，到现在还记忆犹新。但这本短篇小说集仍然聚集了作者的写作魅力：没有一个字是多余的，且好些个故事需要读两遍（至少是刚读完结尾就马上跳回开头）去“解谜”……书的简介已经概括得很仔细了，这里都是关于struggles, challenges, and the secrets of the human heart. 喜欢短篇的读者别错过Davies.
