Movies matter – that is the message of *Reel to Real*, bell hooks’ classic collection of essays on film. They matter on a personal level, providing us with unforgettable moments, even life-changing experiences and they can confront us, too, with the most profound social issues of race, sex and class. Here bell hooks – one of America’s most celebrated and thrilling cultural critics – talks back to films that have moved and provoked her, from Quentin Tarantino’s *Pulp Fiction* to the work of Spike Lee. Including also her conversations with master filmmakers such as Charles Burnett and Julie Dash, *Reel to Real* is a must read for anyone who believes that movies are worth arguing about.
