出版时间:2008-08-11

装帧:Paperback

isbn:9781933771526

Pervasive and multidisciplinary, this insightful exploration discusses how and why this seminal work developed, and continues to grow, such a cult following. When Fight Club punched its way onto the scene a decade ago, it provided an unprecedented glimpse into the American male's psyche and rapidly turned into a euphemism for a variety of things that should be just understood" and not otherwise acknowledged. Key to its success is the variety of lenses through which the story can be interpreted; is it a story of male anxiety in a metrosexual world, of ritual religion in a secular age, of escape from totalitarian capitalism, or the spiritual malaise induced by technologically-oriented society? Writers, conspiracy theorists, and philosophers are among those ready to talk about Fight Club's ability to be all these and more.
