Join Professor Helen Vendler in her course lecture on the Yeats poem "Among School Children." View her insightful and passionate analysis along with a condensed reading and student comments on the course. The poets nearest to us in time often seem the most remote and difficult. Helen Vendler closes the distance. She keeps the poet in view not only as thinker and artist, but as a man or woman whose humanity never disappears in her analysis. With her penetrating critical gift, Vendler assesses American poets from T. S. Eliot to Charles Wright.

评论

重读，虽然我个人不是特别喜欢Vendler，但不得不说她对于诗歌的精读和与生俱来的语言灵感确实有助于帮助理解浪漫主义和现代诗歌，推荐她写的关于济慈和Wallace Stevens的书

读了EB: domestication, domesticity and Otherworldly和Keats's and Stevens's 'To Autumn'两篇
