Cartoonist Jesse Reklaw turns the dreams of strangers into the most insightful, humorous, and clever four-panel comic strips you have ever read in "The Night of Your Life". This hardcover volume captures the sublime pleasure of tumbling through the freewheeling narrative of our sleeping lives. Each strip is an adaptation of the many dreams submitted to Reklaw from all over the world, every one a unique and compelling journey into a landscape to which we all travel. "The Night of Your Life" is a testament to the ability of comics to illuminate the corridors of the imagination with wit, sincerity, and joy.
