An extraordinary quest:
From Big Sur, California,
Through the compelling ebb and flow of contemporary India, and
High into the Tibetan Himalayas.
Three young mountaineers pursue the ultimate ascent,
Lost in a metaphysical labyrinth--
Monastic secrets,
Tantric energies--
In search of the Mountain's answer.
They find him there,
In the psychic maze of rock and ice,
Centuries old,
Climbing glaciers naked in the sunlight;
He is their teacher,
He is Deva.
