The fascinating story of young Nancy Hanks who had some rather large doubts about whether she was good enough to marry Tom Lincoln but later did and then became the mother of Abraham Lincoln unfolds rapidly in fourteen short chapters. Many authentic photographs accompany the story. There is an interesting description of the Lincoln s

honeymoon cottage. It had been "... used twice previously as a slaughter house and once as a stable."

The childhood days of Abraham Lincoln are skillfully woven into this absorbing story. Nancy Hanks left her mark of love, faith, and morality on young Abe. She died before he was ten but later he staunchly, maintained: "All that I am or ever hope to be I get from my mother. God bless her." Charles Ludwig has also written 1"he Lady General, the fe story of Evangeline Booth.
