Life is funny,
Sometimes in the things we do,see and say.
Life is funny that way.
We can laugh at the youth and old folks joo;
They may even find something funny when

They look at me and you.

Life is funny that way.

You lose and you gain, as you learn to play,

Life is funny that way. Lifting you up and pushing you down, Life

Life has a way of picking you up and pushing you down,

Learn to roll with the punches and don't wear a frown.
