Bible Study Guide John the Baptizer once introduced Christ as “the Lamb Of God who takes away the sin of the world. ” Vivid words. . . true words.

In these concluding seven chapters of the Gospel of

John. the Lamb is on display. After an intimate gathering with HIS men at their last supper together, He faces the horrors of six illegal trials, scourging, crucifixion, and death. The Lamb is slain. But the Lamb is later raised! Even though some of this information is familiar to many Christians, we never tire of beholding the Lamb. I am delighted to know that you will be focusing your attention upon Him during these days. I hope each lesson will deepen your devotion for Christ, who accomplished our salvation at the cross. . . . having been raised from the dead on our behalf
