How I delight in the wonder that I, a Jew, can write about the Second Coming of my Messiah. It is still a source of never-ending amazement to me that Jesus reached down and revealed Himself to me from amongst my brethren.

Prophets from the beginning of time have written

about the Day of the Lord, and now in our day and age we are seeing their prophecies come to pass.

How many have been fulfilled and how many are yet to be fulfilled? In the lectures from which the manuscript for this book was prepared, I've tried to answer these questions and others that are prevailing among God's people.

Everywhere I speak, everywhere I teach, no matter where I am on the face of this earth, the queries are still the same: When is He coming? How long do we have to get ready?

The lesson is always the same: The time is not important. The salient point is Be ready. Be ready with your heart swept clean. Be ready with your oil lamps full. Be ready with your mind fixed on the mind of God--for your Redeemer draweth nigh!
