AMERICAN Institute for Economic Research, founded in 1933, is an independent scientific and educational organization. The Institute's research is planned to help individuals protect their personal interests and those of the Nation. The industrious and thrifty, those

who pay most of the Nation's taxes, must be the principal guardians of American civilization. By publishing the results of scientific inquiry, carried on with diligence, independence, and integrity, American Institute for Economic Research hopes to help those citizens preserve the best of the Nation's heritage and choose wisely the policies that will determine the Nation's future.
