"He was a spy, or a secret agent, if you cared for a politer word, trained to live a life of lying and subterfuge; trained to submerge his individuality into something he was not to be a sneak, and if necessary a betrayer; trained to run from danger and let his best friend get it, if it helped the business; to kill or be killed inconspicu-

ously; to die with his mouth shut, in the dark. There was only one loyalty loyalty to the business."

From Right You Are, Mr. Moto

Jack Rhyce and Ruth Bogart are American intelligence agents paired off for a mission and bound for Tokyo, where the incomparable Mr. Moto remains at the service of his country. Hardly through sizing each other up before they find themselves falling in love, Jack and Ruth must face the fact that their cover has become reality.

Love and espionage are a dangerous mix, especially in explosive post-World War II Japan, and the uneasy alliance of Ruth, Jack, and Mr. Moto may not be strong enough to protect them all.

Right You Are, Mr. Moto is the last and best-selling of the six novels in John T. Marquand's Mr. Moto series.
