著者:Roy Medvedev

出版者:Columbia University Press

出版时间:1976-10-15

装帧:Hardcover

isbn:9780231039390

THIS book despite its modest length is the result of an extended though intermittent effort begun in 1963. It was then that Khrushchev's headstrong and ill-planned agricultural ventures brought on a grave economic crisis and forced the Soviet Union to purchase grain from outside its borders for the first time in its history or indeed in the entire history of Russia. My own interest in Khrushchev's political and economic reforms arose in connection with my research on the history of a controversy in Soviet genetics, the subject of my book *The Rise and Fall of Lysenko*. For my brother and co-author Roy, an analysis of Khrushchev's policies developed naturally from his work on the history of Stalinism published as *Let History Judge*. Roy and I also had published several articles on Khrushchev's agricultural policy in the samizdat (underground) journal *Politicheskyy dnevnik* (Political Diary) which circulated in MOSCOW from 1964 to 1971. Our study of Khrushchev was temporarily and rudely interrupted in 1971. When in October of that year it became known that *Let History Judge* was soon to appear in the United States, the KGB (Committee of State Security) searched Roy apart from Russia of course refers to our country as it was before 1917, the Soviet Union to it as it was organized after the Russian Revolution. T. Zhores A. Medvedev, *The Rise and Fall of Lysenko*, trans. by I. M. Lerner (New York: Columbia University Press, 1969). Roy A. Medvedev, *Let History Judge*, trans. by C. Taylor (New York: Knopf, 1971).

作者介绍:

Roy Aleksandrovich Medvedev (Russian: Рой Александрович Медведев; born 14 November 1925, Tbilisi, Georgia) is a Russian historian renowned as the author of the dissident history of Stalinism, *Let History Judge* (Russian: К суду истории), first published in English in 1972. Medvedev became a prominent Russian public figure and served as a consultant to Mikhail Gorbachev.
