Agism is the notion that people cease to be peoplei¼Œ cease
to be the same people or become people of a distinct and
inferior kindi¼Œ by virtue of having lived a specified
number of years. The eighteenth-century French natu-
ralist Georges Buffon saidi¼Œ \"to the philosopheri¼Œ old
age must be considered a prejudice.\" Agism is that
prejudice. Like racismi¼Œ which it resemblesi¼Œ it is based on
feari¼Œ folklore and the hang-ups of a few unlovable
people who propagate these. Like racismi¼Œ it needs to be
met by informationi¼Œ contradiction andi¼Œ when necessaryi¼Œ
confrontation. And the people v~ho are being victimized
have to stand up for themselves]~n order to put it down.
