From Publishers Weekly Blake's lively follow-up to *Dances with Wolves* explores the coming-of-age of a rebellious 18-year-old serviceman in the summer of 1966. Copyright 1992 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title. From *School Library Journal* YA-- Airman Mortensen's story, told in teen vernacular, is one of an 18-year-old who joins the service in 1966 because it seems like a good idea at the time. He soon regrets his decision. Following a divergence of viewpoint with the Comm Squad commander, he becomes the latrine king while awaiting court martial. Life goes steadily downhill until he meets Claire Brill, the base commander's daughter. A passionate romance follows. In due time, Claire terminates the relationship and Mortensen falls into deep decline. This novel gives voice to a young man's friendship, first serious romance gone sour, and the

beginning of life after. Teens may well find the appeal of standard romances wane as a result of this engaging tale written by the author of Dances with Wolves (Fawcett, 1988). --Barbara Hawkins, West Potomac High, Fairfax, VACopyright 1991 Reed Business Information, Inc. See all Editorial Reviews
