Esmerelda the Rag Doll
At the back of the toy cupboard on a dark and dusty shelf lay Esmerelda the rag doll. She lay on her back and stared at the shelf above as she had done for a very long time. It seemed to Esmerelda that it was many years since she had been lifted up by Clara her owner and even longer since she had been out in the playroom with the other toys. Now her lovely yellow hair was all tangled and her beautiful blue dress was creased, torn and faded. Each time Clara opened the toy cupboard door Esmerelda hoped very much that she would be chosen but Clara always played with the newer toys at the front of the cupboard. Every time Clara put her toys back in the cupboard Esmerelda felt herself being pushed further towards the back. It was very uncomfortable and indeed Esmerelda might have suffocated if it
