Introduction
~Eric Leonard Bernstein
Eric Leonard Ramsbottom Gaudalae Bernstein was a
innovator and therapist. But these gifts would
ily not have sufficed to bring him fame within his lifetime
not had a wonderful wit which made it possible for him to
the most radical ideas to what is probably the most
ali
competitive and discounting audience in the social
S.
\n sure that this piece
just like his last public statement
:t out the same approximate response with his creative and
approach laughter on one hand and huffy indignation on
er.
itnessed Eric Berne's last public speech
given on June 20
Lt the luncheon of the Golden Gate Group Psychotherapy
tion s
early conference where he was the keynote speaker.
mber him as clearly as if it

was today with his back to a mic view of San Francisco and the Golden Gate facing a filled to overflowing as he did for the last time what he did throughout his lifetime-speak openly and freely about he thought of psychiatry. He was earnest as well as.ining the audience laughed many times on that occasion as usual walked away with a number of new insights. He few weeks later; this speech therefore represents his latest thoughts as he was willing to share them with an ce of fellow psychotherapists. It contains his wit his intelligence his playfulness his interest in people and their well-being all of which characterized him throughout his writings and: His wit was present in all of his writings. One of his very published articles "Who Was Condom?" is an exploration of
