From Publishers Weekly The latest in a long line of highly successful romances by veteran author Whitney (The Ebony Swan , etc.) is a lightweight piece of fluff guaranteed to strain the credulity of her most diehard fans. Events are set in motion when Lauren Castle travels from her California home to the rugged resort of Lake Lure, N.C., as a result of an anonymous letter suggesting that her husband's death some two years earlier was not an accident. It seems that Jim Castle had learned something about the long-ago suicide of beautiful film star Victoria Frazer, who drowned herself in Lake Lure and who just happens to be Lauren's grandmother--a fact known only to Jim and his old friend Gordon Heath, the man Lauren has come to realize too late is her real love. Spaceships, UFOs and government cover-ups all come to light in Lauren's investigation, which is endangered by threats on her life.

The bizarre climax fails to resolve a plethora of subplots, making this one-dimensional effort as unsatisfying as it is improbable. Only Whitney's atmospheric evocation of the rugged setting has anything to recommend it. Copyright 1993 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title. From Library Journal Anna Fields narrates this lightweight romantic whodunit about the granddaughter sprung from the adulterous affair of Thirties' film stars Roger Brandt and Victoria Frazer. Lauren Castle is called to Lake Lure, North Carolina, to investigate the untimely death of her husband, Jim. Jim was producing a documentary about Roger. He has possibly uncovered further information about Victoria's suicide. The many convoluted subplots and romances fail to enhance the plot, however. Reader Fields's male voices lack character. She has one slow-paced, low-timbre voice that has to do for all the men in the story. Not an endearing performance.?Sandy Glover, West Linn P.L., ORCopyright 1998 Reed Business Information, Inc. --This text refers to the Audio Cassette edition. See all Editorial Reviews
