HIS IS the third edition of the book Alcoholics Anonymous. The first edition appeared in 1939 and in the following sixteen years more than 300,000 copies went into circulation. The second edition published in 1955 reached a total of more than 1,150,000 copies. Because this book has become the basic text for Society and has helped such large numbers of alcoholic men and women to recovery there exists a sentiment against any radical changes being made in Therefore the first portion of this volume

describ<br>the A.A. recovery programi¼Œ has been left untouched<br>the course of revisions made for both the second<br>the third editions. The section called \"The Doct(<br>Opinion\" has been kept intacti¼Œ just as it was oi<br>inally written in 1939 by the late Dr. William D. S<br>worthi¼Œ our Society's great medical benefactor.<br>The second edition added the appendicesi¼Œ<br>Twelve Traditionsi¼Œ and the directions for getting<br>touch with A.A. But the chief change was in the s<br>tion of personal storiesi¼Œ which was expanded to refl<br>the Fellowship's growth. \"<br>><br>
