著者:James Hillman

出版者:Spring Publications

出版时间:1991-09

装帧:Paperback

isbn:9780882143484

William Kotzwinkle "Inter Views is a lens focused by the bright gods, the archetypes, with whom Hillman is in creative rapport." Book Description Inter Views is Hillman's most biographical and self-revealing book with extraordinary, yet practical accounts of active imagination, writing, daily work, and symptoms in their relation to love. The book is also a radical deconstruction of the interview form itself, even though one reads along as if in a coffee conversation with Hillman explaining his life and thought.
