From the Publisher If The Messengers were fiction, it still would be an outstanding story for the emotions it will generate, for its overwhelming inspiration, and for the wisdom and love contained within its pages. The Messengers is not fiction. This story is true. For that reason it is one of the most extraordinary chronicles written during the 20th century. The message in The Messengers is the gateway into our next millennium. This book is dedicated to those who were unknowingly involved in the angelic plan to bring this book forward. To them we give our thanks for their fortitude and trust. --This text refers to an out of print or unavailable edition of this title. Book Description Nick

Bunick was confronted by angels, and it will change your life forever.... Nick Bunick gives back to us angels messages spoken 2, 000 years ago when Jesus walked the earth. These messages are as true today as they were then: Within every one of us is a part of God. It is that which gives us life and it is that which is everlasting. If we but look within, our own love will fashion a new and compassionate world. These messages are the gateway into our next millennium. --This text refers to an out of print or unavailable edition of this title. See all Editorial Reviews
