BUY BACK THE DAWN
Jesus!
The inquisition conducted by a twerp. "Tell
her I'll call back at six."
He wondered where Cathy was. He guessed in a
meeting. Why was it that whenever he telephoned a
woman he loved and got no answer he felt an immediate
twinge of anxiety. What fantasy was set off? Could
Cathy ever be unfaithful? The way he knew he could
be? Beautiful women always distracted him. His
enthusiasm for them was as eloquent as it was boyish. He was
not a philanderer; he was just
on occasion
careless
about fidelity. Since his divorce three years ago
he had enjoyed the full cycle of romance several
times
savoring
each of its phases from the first promise of passion to the

last goodbye. He was hopeless that way. In that way
 he hadn't changed. It was always the same..i¼ the way it
 had been in Paris sixteen years ago with Johanna. He
 closed his eyes for a moment and thought of her. He
 thought of the last time he had seen her. Before he had
 to flee for his life. And for hers.
 It was funny. He was planning to marry again. Some-
 one really speciali¼ someone really good for him. He
i¼ loved Cathy. But he wondered about the wisdom of it.
 So much in his life remained unresolved. Yet... did it
 really matter? He had learned to live from day to dayi¼
 and he was quite comfortable. No dwelling On the past.
 No worrying about the future. The fact that there was
 so much to do in the present helped a lot. He was a
 successful attorney. Not bad looking. He jogged six
 miles every other morningi¼ played a good game of ten-
nisi¼ was a connoisseur of haute cuisine and the balleti¼
 and drove a white Mercedes like an inspired maniac; he
 was the sort of driver you could trust while enjoying the
 thrill of his scaring the hell out of you. He had no
 nearby parents and no children to put through school or
 take on weekends. Women quickly recognized that at
 forty-two he was a very good thing.
 He buzzed his secretary again and got no answer; she
 was still on long distance. He wondered whether his
 four-thirty appointment had arrived. He dialed the
 receptionisti¼ and a strange voice answered the phone.
