Clay Chapman's characters don't turn heads or perform dramatic feats of heroism. They aren't highly educated or well-traveled. Their backgrounds and circumstances are unexceptional. Their stories, however, are anything but. Originating as a series of enthusiastically received monologues that this twenty-four-year-old author has performed around the country and abroad, Rest Area leads us into the minds of characters as real as they are original, and through a series of domestic horror stories that will leave readers breathless with amazement.
