著者:William A. Rossi

出版者:Krieger Publishing Company

出版时间:1993

装帧:Hardcover

isbn:9780894645730

With thoroughness and elan, the author takes us on a walking tour through history, from Chinese footbinding to the outrageous distortions of the foot gladly suffered by women over the centuries in the cause of sexual allure. He explores the peculiarly American obsession with "sick" and "tired" feet, and the huge industry that has sprung up to cater to our negativism. He gives an insightful psychosexual guide to people via footwear. This book is a unique piece of social history, a provocative, often witty and always original, inquiry into human behavior.
