Elisa Montoya was haunted by half memories too painful to remember--vague recollections of her boyfriend's suicide and her accident. Even escaping to Double Dare Island for a vacation didn't help, especially not when she stepped into

the path of a deadly hurricane---and of a killer who intended she never regain her memory of that fateful night.

When Dr. F. Storm Delaney pulled her out of the churning sea and swirling winds, he had no idea how much this woman needed saving. Trapped on the battered island, the eerie chills and bizarre accidents having followed her, Elisa needed Storm to help her remember. But the secrets she'd locked away could either free her to love her protector...or get her killed.
