Once upon a time, a
young prince lived in a
shining castle. He was rich
and handsome, but he had
no love in his heart.

To punish him, an
enchantress transformed
him into a beast, and
changed his servants into

household objects. For the
spell to be broken, the
Beast needed to learn to
love another, and earn
that person s love in
return. And he had to do
it before the last petal fell
from the enchanted rose
which the enchantress
left with him.
