As a scientist, Doro Griegos approached her work with precision and professionalism. When she was hired by Bret Johnson to work on ore samples from his California mine, Doro felt up to the challenge. But strange things began to happen to Doro. First, the results of her lab work didn't turn out as

expected. Then she stumbled on some facts about her family's past that shattered the sweet memories of her childhood. Finally, Doro was trapped in a race against death where only Bret could save her!
