The definitive autobiographical book on Alan Moore finally returns to print in a new expanded and updated version! In "The Extraordinary Works of Alan Moore: Indispensable Edition", Moore reflects on his life and work in an insightful and candid

fashion through an extensive series of interviews about his entire legendary career, including new interviews covering his career since the original edition of this book was published in 2003. From "Swamp Thing", "V For Vendetta", and "Watchmen", to the future of "The League of Extraordinary Gentlemen" and beyond - all of his most important works and major themes are discussed. Within this tome, readers will find rare strips, scripts, artwork, and photographs of the author, most never published elsewhere. Also, best-selling author Neil Gaiman headlines a series of tribute comic strips featuring many of Moore's closest collaborators elaborating on their relationship with the great writer! Included as well is a color section, featuring the rare Moore story "The Riddle of the Recalcitrant Refuse" (newly remastered, and starring Mr. Monster), plus his unseen work on Judge Dredd, and other tales by the creator of "Watchmen" (soon to be a blockbuster 2009 film).
