While keeping the same basic approach and material as in earlier editions, the Third Edition more fully develops communicative and interactive language-learning activities. Some of the new features are:

- *Numerous "real communication" opportunities
- *More options for interactive work in pairs and groups
- *Additional open-ended communicative tasks for both speaking and writing
- *Expanded error-analysis exercises
- *Interesting and lively new exercise material
- *New appendices for phrasal verbs and prepositions

The program components include the Student Book, Workbook, Chartbook, Teacher's Guide, and Companion Website. See also Fundamentals of English Grammar Interactive (a multimedia CD-ROM).
