Each year, Contemporary helps hundreds of thousands of learners at all levels attain their

educational goals. Now, Contemporary is pleased to provide ABE students with a completely new

program developed specifically for them--our comprehensive pre-GED series.

Contemporary s Pre-GED Series has been designed in conjunction with Contemporary

s New GED

Satellite Series for the 1988-1998 GED Tests. This coordination of texts and programs allows

students to move smoothly from one series to the next and on to their final goal--the GED

diploma.

Our pre-GED series builds a strong foundation for students who need solid skill development

before working with GED materials. Each book combines essential study material with critical

thinking and problem-solving strategies. Hundreds of practice exercises and reviews enable students

to master skills and check their progress. The diagnostic pre-tests and evaluative post-tests

contained in each book ensure accurate placement, prescription, and assessment for every student.
