Daming On Mountains is a collection of writing by women of all ages, times, conditions and countries, expressing their spirituality through their everyday lives and through the unbridled possibilities of their dreams, Including selemons

from the writings of Emily Bronte, Helen Keller and Emily Dickinson, as well as many previously unknown writers, each passage in *Dancing On Mountains* reflects a voice which will inspire, encourage, and comfort readers on their own journey through life.

This beautiful little book is the perfect gift for personal reflection and meditation and will become a useful and inspirational resource for women the world over.
