The Education of a Christian Prince is a new student edition of Erasmus's crucial treatise on political theory. It contains a new, excerpted translation from his Panegyric, making it possible for the first time to compare two works which Erasmus himself regarded as closely related. The Education of a Christian Prince was published in 1516

and dedicated to Prince Charles, the future Emperor Charles V, and is one of the most influential books of the 'advice-to-princes' published in the Renaissance era. It is a strongly pacifist work in which Erasmus sought to ensure that the prince governed justly and benevolently. The importance of Erasmus's work lies in his emphasis on virtuous conduct as the backbone of the polity, an argument which has influenced political writing up to the present time. This edition also includes an original introduction, a chronology of the life and work of Erasmus, and a comprehensive guide to further reading.

原来有一些书我是从图书馆借得的，书店是死也见不到。此书就是一本。  
原以为这种难找的书都是早早出的，这本书却不是，又是一惊。  
某些时候读书累了，就要找些文艺复兴启蒙时代的书，我便择了两本，便是《论基督君主的教育》和《斯宾诺莎书信集》。后者是从书店得来的，九七年...
