Amazing tales of enchantment fill this collection of ten magical stories, which is sure to enchant young readers. Here is a winning combination of contemporary original stories and charming retellings of traditional tales. Easy-to-read type and appealing line art will provide just the right balance of support and challenge for readers ready to take on short stories. A new series of themed short story collections, "Super Shorts" are sure to appeal to newly confident readers. These short, well-plotted, easy-to-read stories are written by popular authors. The generous layout, with fun, modern illustrations on every spread, encourages readers to make progress towards tackling longer fiction.
