Synopsis

The story they tried to ban from the courts can now be told. In the second edition of this book, Wolfgang Flur, the drummer in seminal electronic band Kraftwerk, recounts the complete story of his musical life. The original edition had to be drastically cut at the 11th hour due to legal action from the other members of the band, but having won this legal dispute, Wolfgang can at last tell the complete story of Kraftwerk and the major part he played in the band's worldwide success.
