James Welch never shied away from depicting the lives of Native Americans damned by destiny and temperament to the margins of society. "The Death of Jim Loney" is no exception. Jim Loney is a mixed-blood, of white and Indian parentage. Estranged from both communities, he lives a solitary, brooding existence in a small Montana town. His nights are filled with disturbing dreams that haunt his waking hours. Rhea, his lover, cannot console him; Kate, his sister, cannot penetrate his world. In sparse, moving prose, Welch has crafted a riveting tale of disenfranchisement and selfdestruction.
