强烈建议国内有实力的出版社找一位有实力的译者把该书译介进来，篇篇都是佳作啊！

An excellent guide to the historiography of early America in the past two decades. Gordon Wood always provides a concise yet informative intellectual background for

those unfamiliar with the field before entering the main discussion. His prose is clear and his criticism is sharp. A model for writing reviews.

很想翻译a。学生伍德献给老师贝林的书评集，都是关于美国史学的思考精华，受益匪浅。
