装帧:Hardcover

isbn:9781416592389

Arthur Laffer -- the father of supply-side economics and a member of President Reagan's Economic Policy Advisory Board -- joins economist Stephen Moore of The Wall Street Journal editorial board and investment advisor Peter J. Tanous to send Americans an urgent message: We risk losing the exceptional standard of living that has made us the envy of the rest of the world if the pro-growth policies of the last twenty-five years are reversed by a new president. Since the early 1980s, the United States has experienced a wave of prosperity almost unprecedented in history in terms of wealth creation, new jobs, and improved living standards for all. Under the leadership of Presidents Ronald Reagan and Bill Clinton, Americans changed the incentive structure on taxes, inflation, and regulation, and as a result the economy roared back to life after the anti-growth, high-inflation 1970s. Now the rest of the world is following the American economic growth model of lower tax rates, more economic freedom, and sound money. Paradoxically, one country is moving away from these growth policies and putting its prosperity at risk -- America. On the eve of a critical presidential election, Laffer, Moore, and Tanous provide the factual information every American needs in order to understand exactly how we achieved the prosperity many people have come to take for granted, and explain how the policies of Democrats Barack Obama, Hillary Clinton, and Nancy Pelosi can cause America to lose its status as the world's growth and job creation machine. The End of Prosperity is essential reading for all Americans who value our nation's free enterprise system and high standard of living, and want to know how to protect their own investments in the coming storm.

## 书评

三个供给学派经济学家在本书中，回顾了美国1960-2008的经济发展，提出了降低税率对经济发展的贡献。同时本书也倡导自由贸易和教少的政府管制。个人非常喜欢这本书，其行文很适合阅读，而且有不少图表和数据，来支撑作者的观点。

-----  
全文的目的就是要说明一个论点：低税制能促进经济发展。  
几位作者也分别从理论上阐述、建模分析、联系实践论证该理论；虽然我是比较认可该理论的，但是对其中的一些论据却感觉存在支持力度不足的问题。  
比如作者将爱尔兰的崛起，人均指标由欧洲最末急升至欧洲第一，完全归功...
