出版时间:2003-11-03

装帧:Hardcover

isbn:9780521554060

Ilan Pappé's book is the story of Palestine, a land inhabited by two peoples, with two national identities. It begins with the Ottomans in the early 1800s, the reign of Muhammad Ali, and traces a path through the arrival of the early Zionists at the end of that century, the establishment of the state of Israel in 1948, and the subsequent wars and conflicts which culminated in the intifadas of 1987 and 2000. While these events provide the background to the narrative and explain the construction of Zionist and Palestinian nationalism, at center stage are those who lived through these times, men and women, children, peasants, workers, town-dwellers, Jews and Arabs. It is a story of coexistence and cooperation, as well as oppression, occupation and exile. Ilan Pappé is well known as a revisionist historian of Palestine and a political commentator on the Israel-Palestine conflict. His book is lucid and typically forthright. It is a unique contribution to the history of this troubled land which all those concerned with developments in the Middle East will have to read.

‘Pappé’ s latest work will inspire …’ James Cullingham, Seneca College

‘Along with the late Edward Said, Ilan Pappé is the most eloquent writer of Palestinian history. He is also one of the most scholarly … here, for the first time, is a textbook on Palestine that narrates the real story as it happened - a non-Zionist version of Zionism … To its credit, Cambridge University Press has published Pappé’ s pioneering and highly accessible work as an authoritative history.’ New Statesman

'Ilán Pappé is a 'new historian' and this book is true to this label. It adopts a revisionist approach and it challenges the old ways in which the history of Palestine is written which makes it such an exciting read.' Ahron Bregman, King's College London, International Affairs

' … Ilán Pappé has written a book that is lucid and forthright. It is a unique contribution to the history of this troubled land, and all those concerned with developments in the Middle East will have to read … Ilán Pappé's book is a valuable contribution to the historical research of Palestine as a general survey for those studying the subject. Designed for students and general readers, the book's new approach to the analysis of well-known events will be of interest to academics, journalists, foreign-policy makers, and to all those concerned with Palestine's complex past and its uncertain future. The inclusion of illustrations, maps, short biographies, a glossary of terms, a bibliography, and a reliable index further increases the usefulness of the book.' Quarterly Journal of African and Asian Studies

作者介绍:

Ilán Pappé teaches politics at Haifa University in Israel. He has written extensively on the politics of the Middle East, and is well known for his revisionist interpretation of Israel's history and as a critic of his policies towards the Palestinians. His books include *The Making of the Arab-Israeli Conflict, 1947-1951* (1992, 1994), and *The Israeli/Palestine Question* (1999).
