Hymns of the Church of Jesus Christ of Latter-day Saints 1985: 341 LDS Hymns (1985 Green Hardcover Printing). ISBN 108543401X. EAN 9781085434010. 456 Pages. Limited Edition. LDS Hymnal. Independent Sellers you do not own this listing. Stop trying to change and deface it. It was right when it was first put up, and limited only by how many people can be listed as contributors in a particular listing. That is what the keywords section is for at the bottom of a page, so you can suggest without altering the listing itself. As much as anybody may disagree with anyone else's opinion or any / all facts, that is no reason to burn down a bookstore or a library or a church. This is a hymnal book of religious songs (hymns) of The Church of Jesus Christ of Latter-day Saints published in Green Hardcover, as originally shown, in 1985. It has hymns in it by many people of many faiths, as well as by people of the LDS faiths, and many people both in and out of the LDS Churches worked on writing, composing, arranging, translating, as well as compiling these hymns in this book as it stands for people to sing, in the USA and most of the world. That does not change the fact that it exists the way that it does, and that it is a book of religious songs (hymns) of praise to God and Jesus (usually this is called Christianity by most people in most places). It does not matter how much you like or dislike this statement.
