..In All Our Affairs shatters the long-standing silence surrounding the crises that often go hand-in-hand with alcoholism: infidelity, violence, illness, divorce, imprisonment and sexual abuse.

Family members and friends of alcoholics struggle daily with these and other painful experiences. In *All Our Affairs*, we relate how Al-Anon members around the world—husbands, wives, lovers, parents and children of alcoholics—overcame these seemingly insoluble problems.

Personal stories reveal how applying specific principles of Al-Anon's Twelve Step recovery program brought individuals from hopelessness and despair to serenity and joy. When given the challenge of desperate circumstances, each one embraced the opportunity "to practice these principles in all our affairs" and make their crises work for them.

Readers will find hope and a concrete source of help in these inspiring articles.
