This is the second edition of the successful text published in 2000. The text continues to include self- assessment exercises, exam question, further reading and research and uses short case studies and articles to relate theory to practice. The new edition is completely up-dated with more extracts from Personnel Today and linked in to a website provided by the authors. The book provides excellent coverage of the CIPD syllabus for three core areas of the CIPD syllabus, Managing People, Managing Activities and Managing a business context. New end of chapter website links are included.
