Following the format of "The Art Book", this is an A-Z reference for anyone interested in gardens. It looks at the most important and beautiful gardens of the world, presenting 500 garden designers and patrons, with each person represented by a full-page reproduction of a significant garden, and text that describes the garden and places it and its creator in its historical context.

没想到成了第一个读过这本书的。。。

每页一张图 一个景观案例 当作案例索引比较合适
