

Molecular Nanostructures

[Molecular Nanostructures_下载链接1](#)

著者:Kuzmany, Hans; Fink; Mehring, Michael

出版者:

出版时间:2003-11

装帧:

isbn:9780735401549

Topics include: fullerenes, endohedrals, and fullerides; carbon nanostructure synthesis and purification; properties of single-wall carbon nanotubes; characterization of carbon nanotubes; functionalization of carbon nanotubes; nanotube filling and double-wall carbon nanotubes; non-carbonaceous nanotubes; theory of nanostructures; biological nanostructures and new materials; and applications.
