This book features the work of Auguste Renoir who lived from 1841 to 1919. The artist, perhaps the most recognizable of the Impressionist portraitists, was a painter who combined classical and modern techniques to portray an intimate vision of the late-nineteenth-century Parisian life of leisure he knew so well. The book has details on each illustrations with its date, size and where it is presently displayed--this is a must-have title for art lovers, and in particular fans of Renoir.
