isbn:9789004297944

The Bibliography of the Exact Sciences in the Low Countries presents the most complete census of printed calendars, almanacs and prognostications by authors of the Low Countries from ca. 1470 to the Golden Age (1700).

作者介绍:

Klaas Hoogendoorn (1940), MSc electrical engineering, TU Delft. Since his retirement, he has conducted independent research on the history of science and scientific books in the early-modern Low Countries and published bibliographies of Dutch arithmeticians and articles on astrological prognostications.
