In 1980 Polish workers astonished the world by winning an independent union with the right to strike deep inside the Eastern Bloc. *Seeing Through the Eyes of the Polish Revolution* uses 150 interviews with this struggle's leaders, their supporters, and their opponents to adroitly show how an opposition was built and eventually forced the Stalinist government from power.

作者介绍:

Jack Bloom is Associate Professor of Sociology and Adjunct Associate Professor of Minority Studies and of History at Indiana University Northwest. He has published the award-winning *Class, Race and the Civil Rights Movement* (Indiana University Press, 1987).
